

Book Signing & Art Display

A wise grandfather and a treasured old book teach Nicky how to kick his cold. Learning that his strength comes from within, Nicky calls upon the powerful Wietzel-Mankins to come and help fight the nasty cold germs. Armored with a strong vision, songs and rhymes, Nicky wins the battle.

About the Author

Angelika Domschke is an artist and research scientist, devoting her work to biosystems for human healthcare.

She earned her degree in chemistry at the Institute of Technical and Physical Chemistry in Hamburg, Germany. Her contributions to systems for biomedical applications have been published in numerous scientific journals and patents.

Dr. Domschke became scientifically involved in the field of guided imagery in 1996 when she studied the mechanism of visualization and its effect on the human organism.

How Nicky Kicks His Cold resulted from her studies.
